

We are now charging a processing fee of 2.5% on all credit card transactions **except** unrestricted gifts to CREATE. Since we charge no fees for advised funds this change in our policy is necessary and we believe reasonable. Credit card transaction fees are increasing each year and we cannot continue to pay for all transaction charges. We will update our website regarding this change and we recommend you to add the 2.5% processing fee to your donation so that the intended amount will go to your fund. For example, if you want to donate \$100 to your fund we suggest you submit a total of \$102.50 so that the \$100 donation will go to your fund and the \$2.50 credit card processing fee will go to expense. Or you can submit a total of \$100 and \$97.50 will go to your fund and the \$2.50 credit card processing fee will go to expense.
